

THERE'S AN

R. MURPHY KNIFE

FOR EVERY PURPOSE

R. MURPHY Knives

CARTON KNIFE

Adjustable carton knives for opening corrugated boxes and display cartons. Blade cuts neat and fast. Handles feature non-corrosive metal and durable rosewoods.

CARDBOARD

Also stencil and pattern makers knives. Long life blades—free from soft spots. Maple polished burnt finished handles.

PLASTER

For hospitals. They stand up under the roughest usage. Precision hand-honed for precise workmanship.

SLOYD

Skilled workers and trainees appreciate this fine knife. All R. Murphy blades are driven into their handles, then drilled and pinned for exact cutting. Blades from 1 1/4" to 3 3/4" in length.

PAPER HANGER'S

Round point—also square and clip point. Strong blades with perfectly balanced maple polished burnt finished handles shaped to eliminate hand strain.

Stock the complete Stay Sharp line for steady profits plus pleased customers.

THERE are no lost sales when you carry the complete line of R. Murphy Stay Sharp Knives. You can give your customers the right knife to do the work properly, thus building customer satisfaction and profitable repeat sales.

R. Murphy Knives are made from the finest of tempered steel. Hardened by an exclusive R. Murphy process, the blades are driven in, drilled and pinned to handles that are designed to give the correct grip. R. Murphy Knives stand up under the toughest usage and the keen blades retain their cutting qualities.
